3D Systems To Supply Sun Dental Labs

– ProJet™ Dental 3D Printers Integral To Sun Dental Digital Manufacturing –

ROCK HILL, South Carolina, February 23, 2012 – [3D Systems](#) Corporation (NYSE: DDD) announced today that it has been selected to supply Sun Dental Labs with ProJet™ DP 3000 and ProJet™ MP 3000 3D CAD/CAM Printers to support the company's all-digital manufacturing process.

Sun Dental Labs is a recognized full service dental lab employing a fleet of 3D Systems' 3D Printers to produce fixed and removable prosthetics. The [ProJet™ DP 3000](#) prints precision dental wax-ups with a smooth surface finish that can be cast or pressed using conventional dental techniques. The ProJet™ DP 3000 can produce hundreds of dental wax-ups daily. The [ProJet™ MP 3000](#) prints 3D dental stone like models from any intraoral or impression scanner.

"Sun Dental Labs is a leading provider of quality dental products that provides our large network of doctors and labs with accurate, fast and economical restorations and appliances," said Chuck Tagliarino, CDT Lab Manager of Sun Dental Labs. "The ProJet™ DP and MP 3000 integrate seamlessly with our state-of-the-art digital workflow to deliver best-in-class restorations and removable dentures."

"Our affordable large scale dental manufacturing solution provides Sun Dental Labs with increased productivity, quality and accuracy," said Lee Dockstader, Vice President of Business Development at 3D Systems.

Forward-Looking Statements

Certain statements made in this release that are not statements of historical or current facts are forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995. Forward-looking statements may involve known and unknown risks, uncertainties and other factors that may cause the actual results, performance or achievements of the Company to be materially different from historical results or from any future results expressed or implied by such forward-looking statements. In addition to statements that explicitly describe such risks and uncertainties, readers are urged to consider statements in the conditional or future tenses or that include terms such as "believes," "belief," "expects," "estimates," "intends," "anticipates" or "plans" to be uncertain and forward-looking. Forward-looking statements may include comments as to the company's beliefs and expectations as to future events and trends affecting its business and are necessarily subject to uncertainties, many of which are outside the control of the company. The factors described under the headings "Forward-Looking Statements," "Cautionary Statements and Risk Factors," and "Risk Factors" in the company's periodic filings with the Securities and Exchange Commission, as well as other factors, could cause actual results to differ materially from those reflected or predicted in forward-looking statements.

About 3D Systems Corporation

3D Systems is a leading provider of 3D content-to-print solutions including 3D printers, print materials and on-demand custom parts services for professionals and consumers alike. The company also provides creative content development, design productivity tools and curation services and downloads. Its expertly integrated solutions replace, displace and complement traditional methods and reduce the time and cost of designing new products by printing real parts directly from digital input. These solutions are used to rapidly design, communicate, prototype and produce functional parts, empowering its customers to create with confidence.
